

Instruction Document to access Battle Cry Event Videos

Thank you for downloading the Battle Cry Event Videos. To open and view the videos, you will need to activate it with a license. Please follow the instructions below to get your copy registered.

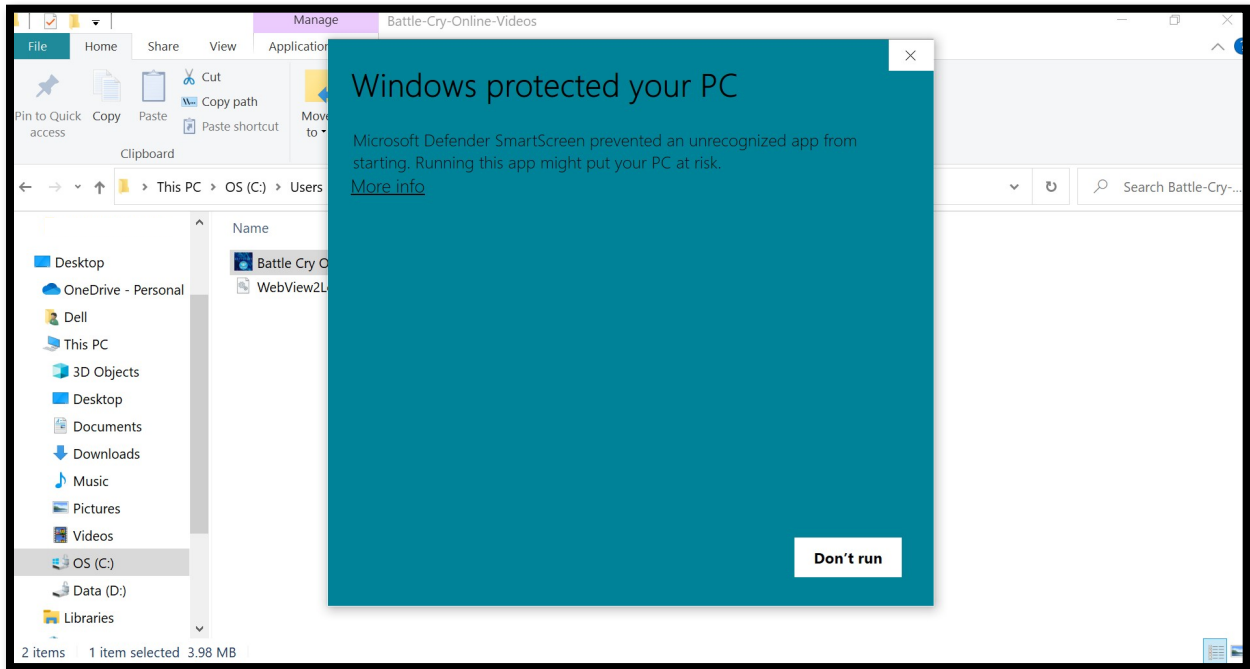

1. When you click on the Download link on the Battle Cry Event download page, a zip file named Battle-Cry-Online-Videos.zip will be downloaded to your computer. Please see screenshot below:

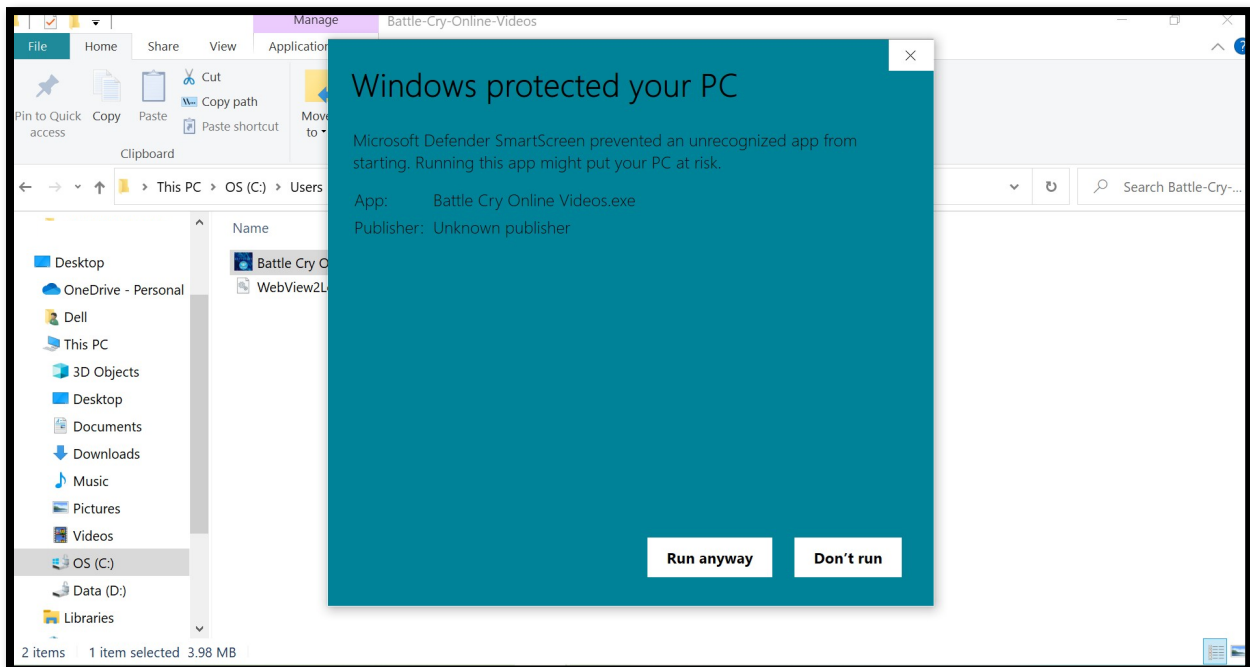

2. Right click the Zip file and Extract it. The 2 files as shown in the screenshot below will be extracted.

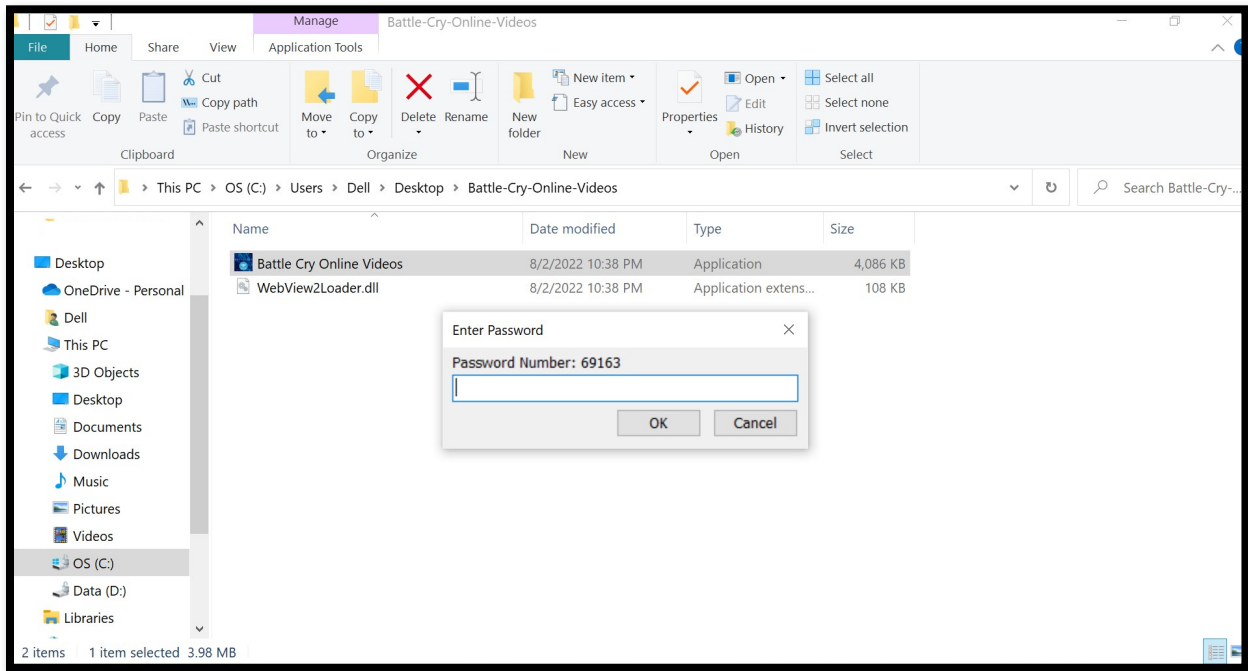

3. Double click the Battle Cry Online Videos app file and you will see the below prompt. Click on More Info link in the prompt.

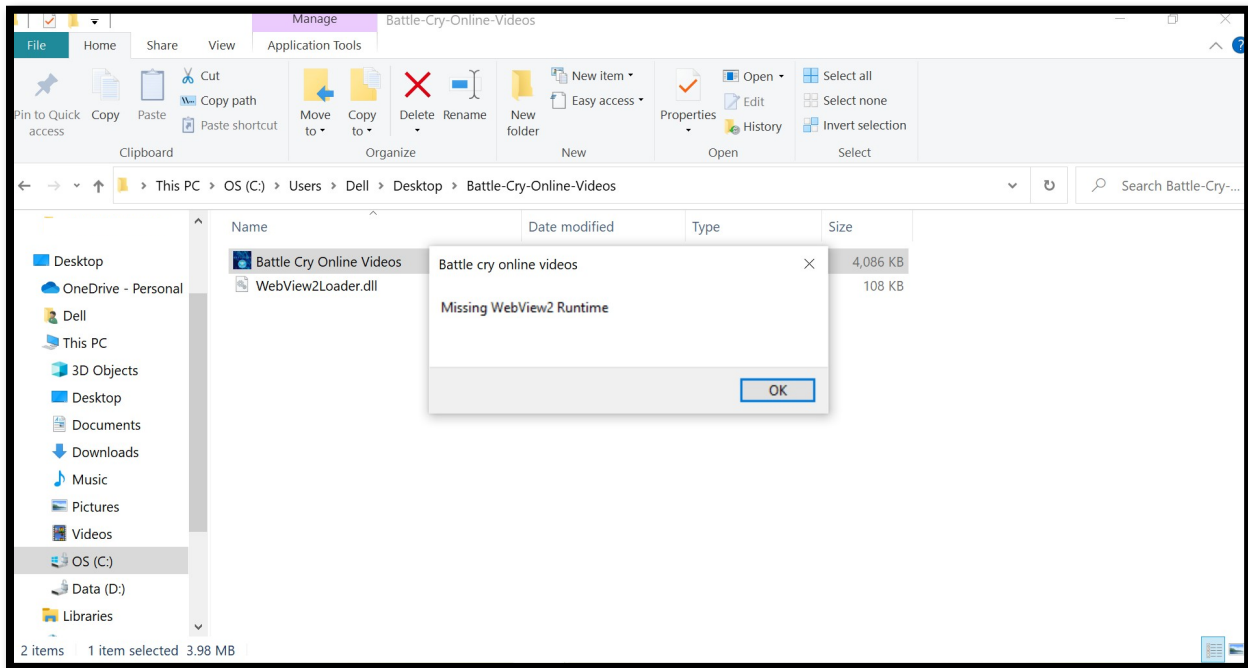

4. Click on Run Anyway

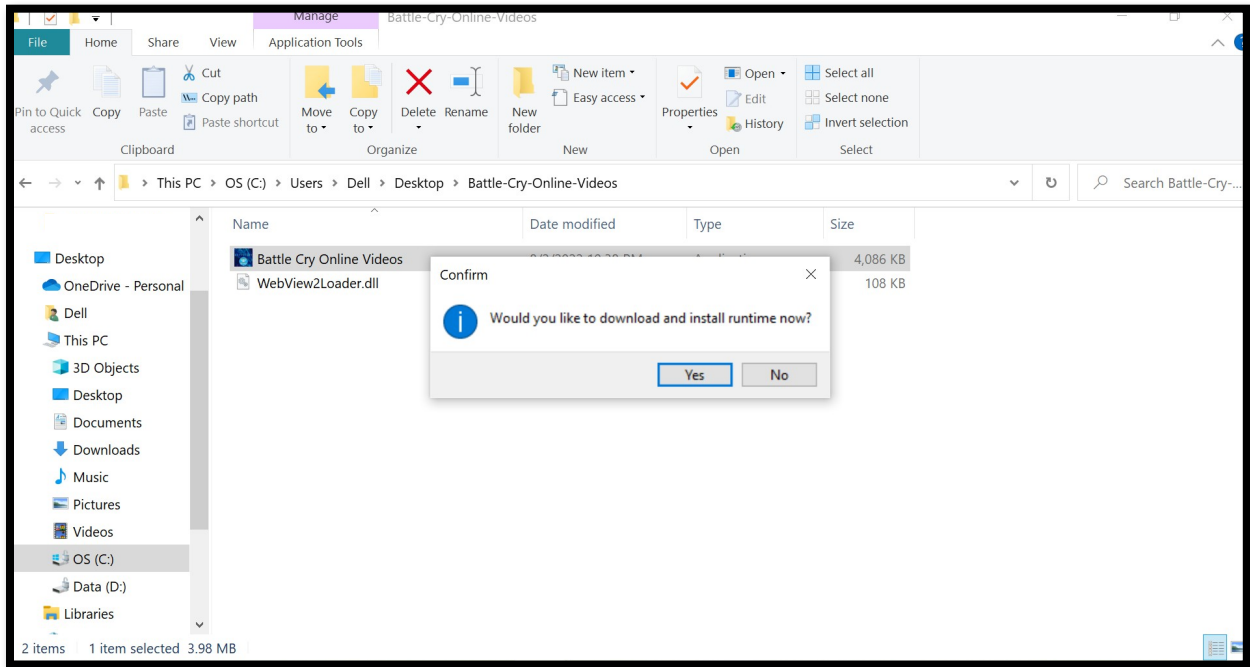

5. Email the password number that you see in the password dialog box to unitedinyah@unitedinyah.org. We will generate a license/password and email it to you. Insert the password get from us in the below box.

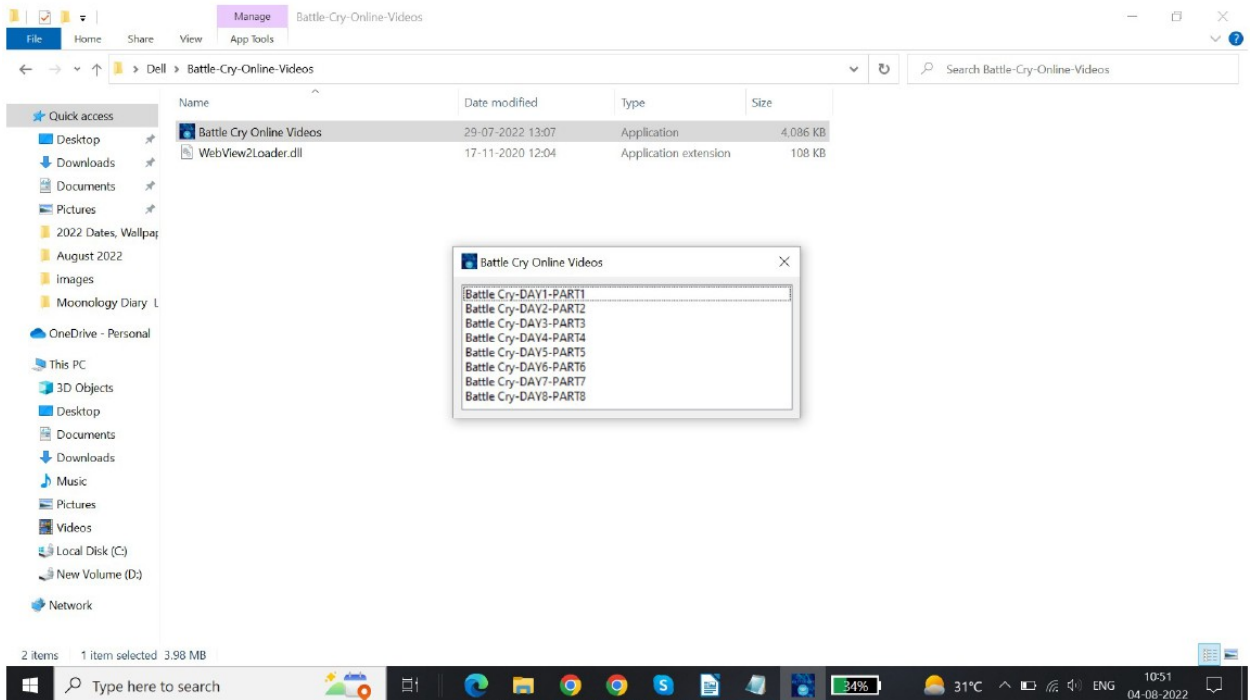

6. Click OK on the below prompt.

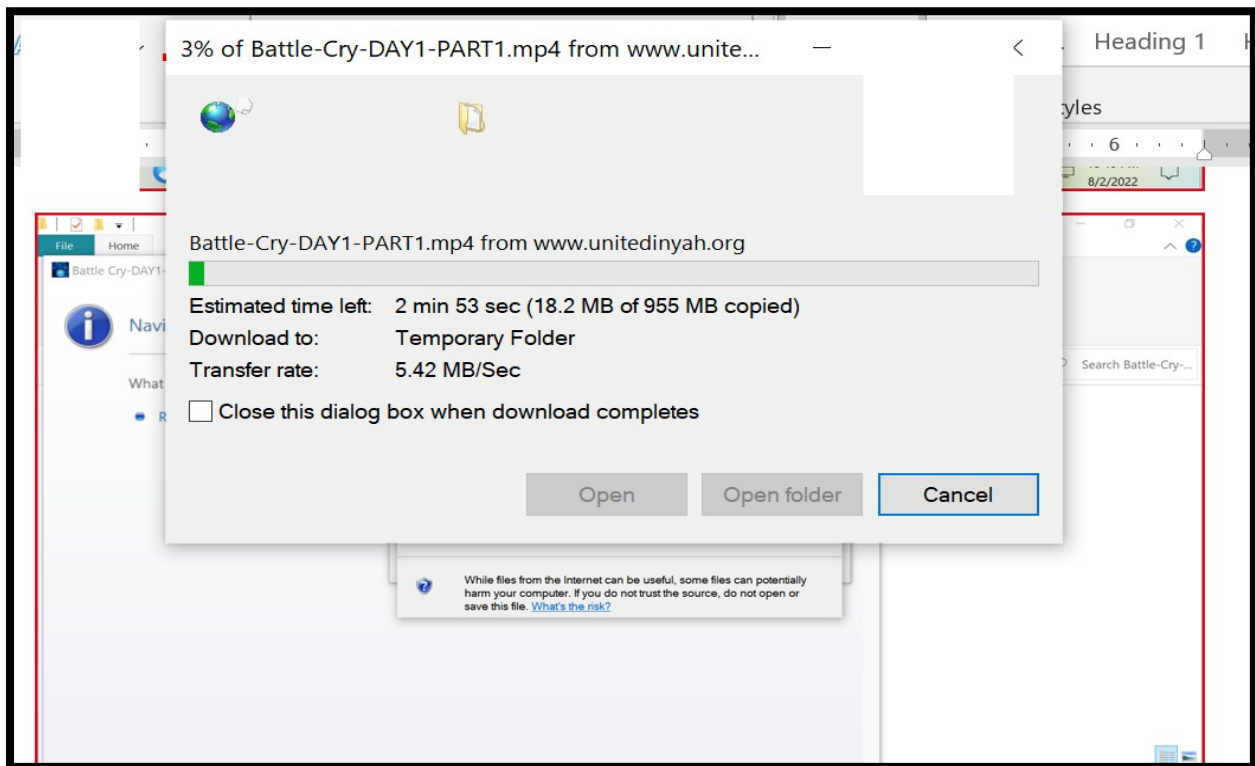

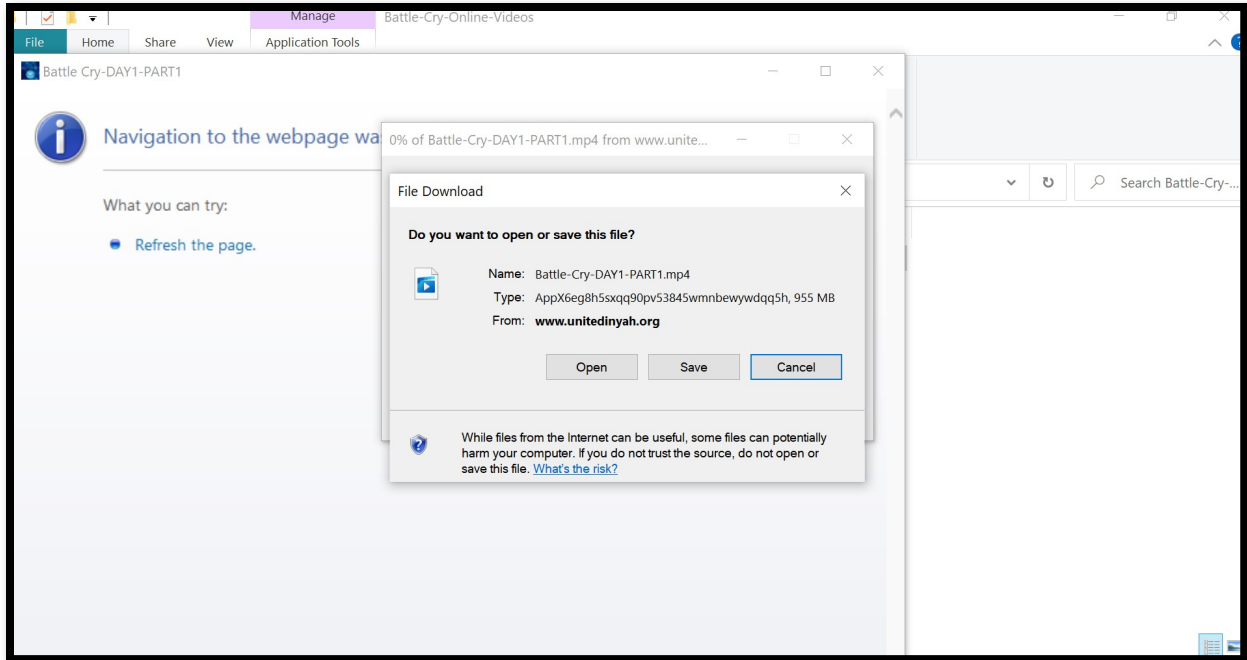

7. Click No on the below prompt (Most computers running windows 10 and above already have this component installed).

8. Battle Cry Online Videos Menu will appear. Double click on the video that you want to watch.

9. You will see a File Download prompt. Click Open and wait for the Video to finish downloading.

10. The video auto-plays once the download has finished.

Repeat steps 8-10 for all the videos you want to watch.
